Join us after the race for a celebration with food, music, and amazing raffle prizes.

To raise donations for a boat, the captain should:

1. Scroll down to where it says Fundraiser Leaderboard and click the green button that says "Become a Fundraiser"
2. Customize the short message that will appear on your boat's fundraising page
3. When prompted for your First and Last Name, enter your BOAT NAME, not your name. Whatever you enter will appear on the Leaderboard.
4. Enter the email address you'd like linked to your fundraising page.
5. Set your Username as your boat name.
6. Complete the remaining steps to receive your boat's unique fundraising page URL.

Then the captain can distribute the URL link to the crew or to anyone who can donate. There will be a ranking of the boats by donation amounts to see who wins!
